Dear Carnivalites

The South Somerset Carnival Park Committee (SSCPC) has been set up to raise awareness of the plight affecting many local clubs in terms of their lack of build grounds, with ultimate aim of identifying a suitable site; and raising the necessary funds to create South Somersets very own version of Butler park - Glastonbury.

The SSCPC is formed from members of most local clubs and carnival committees alike. The principles officers of the committee are as follows:

Chairman - Steve Dawe / Kym Toms (Joint)

Secretary – Tracey Norman

Treasurer – Gemma Champion

We are in the process of creating a business plan, and whilst investigating park locations are also investigating funding sources for a site of approximately 1.5 acres with up to 6 sheds, enough to eventually house all current South Somerset Clubs and Ilminster Carnival Committee, together with meeting rooms and outdoor spaces.

We see this facility as a resource which the entire carnival community can use. Obviously the intention is to create build spaces for the mounted entries but we also want the smaller groups and even walkers to be able to make use of the space within a community shed even if for nothing more than storage.

We have so far received a great deal of support and enthusiasm from all involved but in order for this group to progress with our immediate aims we are going to need three things directly from the local clubs involved.

- 1 - A statement of commitment from your club towards the project in principal.
- 2 - A small cash injection to allow the SSCPC to operate, in terms of awareness raising in the short term and administrative costs.

We would suggest the following as a guide only, and have attached a form to facilitate this request.

Feature / Tableaux / Carnival Committee / similar £50.00

Comic / Juvenile / similar £25

Groups £20

Pairs £10

Single walkers £5

3 – On the 13<sup>th</sup> June we will be officially launching the Carnival Park project at the IMEX event happening in Ilminster, this will be followed later in the year with events at Chard. Wellington and Taunton are yet to be confirmed.

In addition we intend to present our case to District and Town councillors at meetings occurring in the summer. (We already have several councillors in full support of the project).

In order that these presentations can take place we need information from individual clubs which can then be presented as one group of figures. Eg total numbers of people involved in carnival, total financial contribution carnival makes to the local economy etc.

We appreciate that you may not wish to take part in the attached survey or may choose not to answer all questions. However, the more information you can provide the stronger the case we will have; we assure you that any information given will be used in an appropriate manner.

More information can be obtained from your representatives on the SSCPC or by contacting either Steve or Kym directly.

We would appreciate your highest attention in returning the attached documents in a timely fashion.

Yours Faithfully

SSCPC
